

20 Benefits That Our Customers Say Contribute Thousands of Dollars To Their Bottom Line

1. **Increase Driver Efficiency & Profits** - Increases the number of deliveries/jobs for the same time period.
2. **Eliminate Unauthorized Travel** – Decreases travel time and fuel costs.
3. **Limits Speeding Episodes** – Decreases: the likelihood of speeding, number of accidents, workmen compensation claims, environmental issues, loss of equipment and risk.
4. **Increase Customer Service** – Enables immediate dispatching, manages customer expectation and provides proof of service/vehicle location.
5. **Eliminate Unauthorized Use of Company Assets** – Monitors after-hour vehicle movement and behavior.
6. **Ability to Identify Location & Progress** – Allows for immediate asset location and quick resolution of billing disputes.
7. **Automated IFTA Reports** – Provides automated reporting of calculations of mileage and fuel usage in multiple states.
8. **Automated “Off Road” Fuel Tax Rebate** – Automatically captures idling and PTO time, resulting in tax credits.
9. **Equipment Utilization** – Measures actual utilization vs. reported utilization.
10. **Time/ Distance Measurement** – Provides information, enabling route optimization.
11. **Timecard Management** – Facilitates automatic payroll, increasing accuracy and decreasing administrative time.
12. **Temperature Monitoring** – Prevents loss of perishable products.
13. **Monitor / Modify Employee Behavior** – Verifies visits and time spent with customers.
14. **Stop Location Identification** – Eliminates side jobs, theft & identifies unproductive and dishonest employees.
15. **Optimize Employee Efficiency** – Identifies the amount of time needed to complete a job – helps identify training and motivational opportunities, employees with advancement potential and unproductive employees.
16. **Monitor Job Start & Stop Times** – Automates job time capture for accurate billing and weekly/monthly job forecasting.
17. **Detailed Vehicle Location** – Improve routing and response time.
18. **Automated Maintenance Service Alerts** – Sends alerts when service is due – extends life of equipment, increases vehicle & driver safety and reduces repair costs.
19. **GPS Mapping** – Identifies vehicle location and activity.
20. **Report Download Functionality** – Allows the customer to download reports and save them for future reference in the event of an audit, lawsuit, theft, fraudulent claim etc.

Reduced Cost + Reduced Risk + Increased Efficiencies + Increased Productivity = Increased Profit\$
